

## CONTENTS OF VOLUME 55

Vol. 55 Nos. 1-2 October I, II 2002

Special Issue

### THE ROLE OF BOREAL FORESTS AND FORESTRY IN THE GLOBAL CARBON BUDGET

Guest Editor

B. J. STOCKS

B. J. STOCKS / Guest Editorial	1-4
ANATOLY SHVIDENKO and STEN NILSSON / Dynamics of Russian Forests and the Carbon Budget in 1961-1998: An Assessment Based on Long-Term Forest Inventory Data	5-37
NANCY LUCKAI and GUY R. LAROCQUE / Challenges in the Application of Existing Process-Based Models to Predict the Effect of Climate Change on C Pools in Forest Ecosystems	39-60
JIAN NI / Effects of Climate Change on Carbon Storage in Boreal Forests of China: A Local Perspective	61-75
XIONGWEN CHEN / Modeling the Effects of Global Climatic Change at the Ecotone of Boreal Larch Forest and Temperate Forest in Northeast China	77-97
ILKKA LEINONEN and KOEN KRAMER / Applications of Phenological Models to Predict the Future Carbon Sequestration Potential of Boreal Forests	99-113
RAINER JOOSTEN and ANDREAS SCHULTE / Possible Effects of Altered Growth Behaviour of Norway Spruce ( <i>Picea abies</i> ) on Carbon Accounting	115-129
VLADIMIR STOLBOVOI / Carbon in Russian Soils	131-156
E. A. KURBANOV and W. M. POST / Changes in Area and Carbon in Forests of the Middle Zavolgie: A Regional Case Study of Russian Forests	157-173
FELIX Z. GLEBOV, LYUDMILA V. KARPENKO and IRINA S. DASHKOVSKAYA / Climatic Changes, Successions of Peatlands and Zonal Vegetation, and Peat Accumulation Dynamics in the Holocene (the West-Siberia Peat Profile 'Vodorasdel')	175-181

- ALEXANDER S. ALEKSEEV and ALESYA R. SOROKA / Scots Pine Growth Trends in Northwestern Kola Peninsula as an Indicator of Positive Changes in the Carbon Cycle 183-196
- SUSAN G. CONARD, ANATOLY I. SUKHININ, BRIAN J. STOCKS, DONALD R. CAHOON, EDUARD P. DAVIDENKO and GALINA A. IVANOVA / Determining Effects of Area Burned and Fire Severity on Carbon Cycling and Emissions in Siberia 197-211
- T. S. RUPP, A. M. STARFIELD, F. S. CHAPIN, III and P. DUFFY / Modeling the Impact of Black Spruce on the Fire Regime of Alaskan Boreal Forest 213-233
- A. S. ISAEV, G. N. KOROVIN, S. A. BARTALEV, D. V. ERSHOV, A. JANETOS, E. S. KASISCHKE, H. H. SHUGART, N. H. F. FRENCH, B. E. ORLICK and T. L. MURPHY / Using Remote Sensing to Assess Russian Forest Fire Carbon Emissions 235-249
- RICHARD A. FLEMING, JEAN-NOËL CANDAU and ROB S. McALPINE / Landscape-Scale Analysis of Interactions between Insect Defoliation and Forest Fire in Central Canada 251-272
- ROGER DARGAVILLE, A. DAVID McGUIRE and PETER RAYNER / Estimates of Large-Scale Fluxes in High Latitudes from Terrestrial Biosphere Models and an Inversion of Atmospheric CO<sub>2</sub> Measurements 273-285

*Vol. 55 No. 3 November 2002*

- MICHAEL E. MANN / Large-Scale Climate Variability and Connections with the Middle East in Past Centuries 287-314
- HEIDI M. CULLEN, ALEXEY KAPLAN, PHILLIP A. ARKIN and PETER B. DEMENOCAL / Impact of the North Atlantic Oscillation on Middle Eastern Climate and Streamflow 315-338
- DAVID ABLER, JAMES SHORTLE, JEFFREY CARMICHAEL and RICHARD HORAN / Climate Change, Agriculture, and Water Quality in the Chesapeake Bay Region 339-359
- JASON EVANS and SERGEI SCHREIDER / Hydrological Impacts of Climate Change on Inflows to Perth, Australia 361-393
- WILLIAM B. MEYER / Why Indoor Climates Change: A Case Study 395-407
- Book Review
- Brian O'Neill, F. Landis MacKellar, and Wolfgang Lutz: *Population and Climate Change* (MICHAEL DALTON) 409-412

*Vol. 55 No. 4 December 2002*

CÉDRIC BERTRAND, JEAN-PASCAL VAN YPERSELE and ANDRÉ BERGER / Are Natural Climate Forcings Able to Counteract the Projected Anthropogenic Global Warming?	413-427
WIETZE LISE and RICHARD S. J. TOL / Impact of Climate on Tourist Demand	429-449
SHUSEN WANG, ROBERT F. GRANT, DIANA L. VERSEGHY and T. ANDREW BLACK / Modelling Carbon Dynamics of Boreal Forest Ecosystems Using the Canadian Land Surface Scheme	451-477
MARIA CARMEN LEMOS, TIMOTHY J. FINAN, ROGER W. FOX, DONALD R. NELSON and JOANNA TUCKER / The Use of Seasonal Climate Forecasting in Policymaking: Lessons from Northeast Brazil	479-507
A. GHAFFARI, H. F. COOK and H. C. LEE / Climate Change and Winter Wheat Management: A Modelling Scenario for South-Eastern England	509-533
Book Review	
Vladimir Jankovic: <i>Reading the Skies</i> (AXEL MICHAELLOWA)	535-536
Volume Contents	537-539
Author Index	541
Instruction for Authors	543-550
